FELIX & PAUL STUDIOS, IN ASSOCIATION WITH TIME STUDIOS, LAUNCH THE SPECIAL FEATURE â??SPACEWALKERSâ?• EXCLUSIVELY WITH META QUEST

Witness The Worldâ??s First Spacewalk Captured in Cinematic VR on Meta Questâ??s VR Headsets

Spacewalkers

WHAT: SPACEWALKERS, part of Space Explorers: The ISS Experience, is the latest special feature from Felix & Paul Studios. Accessible only on Meta Quest VR headsets, witness the worldâ??s first-ever spacewalk captured in cinematic VR outside the International Space Station.

SPACEWALKERS SYNOPSIS: In spring 2021, Felix & Paul Studios sent the first-ever cinematic virtual reality camera designed to operate in the vacuum of space to the International Space Station. The result is a spectacular, fully immersive, 10-minute experience that will allow you to witness the worldâ??s first spacewalk as if you were actually there. The images were captured in low Earth orbit over several days using specialized 3D, 360-degree Space Cameras. Catch this feature and more Emmy Award-winning experiences in the Space Explorers app on Meta Quest.

WHEN: March 1, 2021 at 12:00 AM PST / 3:00 AM EST In Horizon Venues

ACCESS: There are two ways to experience this content in fully-immersive virtual reality (VR) Meta Quest and Quest 2 headsets for free:

- Oculus TV: Experience this content in high-quality 3D, 360Â° on Oculus TV HERE.
- Horizon Venues app: You can also view the content on Horizon Venues HERE as part of its â??Always Onâ?• Programming from March 1 at 12:00 AM PST to March 31 at 11:59 PM PST.

About Space Explorers: The ISS Experience

The largest production ever filmed in space, Emmy Award-winning Space Explorers: The ISS Experience is an epic immersive series that invites you to join eight astronauts on life-changing missions aboard the International Space Station. The series features NASA astronauts Anne McClain, Christina Koch, Jessica Meir, Andrew Morgan, Nick Hague and Victor Glover, CSA astronaut David Saint-Jacques, ESA astronaut Luca Parmitano, and JAXA astronaut Soichi Noguchi. Shot over two years using Felix & Paul Studiosâ?? specialized 3D, 360-degree Space Cameras, and with exclusive access to the crew, the production produced over 200 hours of high-end virtual reality footage, and the first-ever visuals of the ISS, Planet Earth, and a spacewalk captured in high-end cinematic virtual reality. Get access to the astronautsâ?? full experience through moments of camaraderie, shared meals, and personal video logs. Behind the scenes, the footage is available at Time.com/Space.
