HEALTH SAFETY
As announced in August, the Institute will require all attendees to be fully vaccinated against COVID-19; further details on this yearâ??s policies and specifics are below; more will be shared as warranted in the coming months.

Full COVID-19 Vaccination Requirement
We require that all participants attending the Festival â?? or Festival-sanctioned events â?? in person in Utah to be fully vaccinated with a COVID-19 vaccine that is approved by the World Health Organization. All vaccinations must be completed at least two weeks prior to traveling to the Festival. The CDC notes that being vaccinated greatly reduces your likelihood of contracting or transmitting the COVID-19 virus. Vaccination maintains your own health and safety, and reduces transmission rates within spaces and at events. We will share information on how to provide proof of vaccination closer to the Festival.

Masks
We require that masks are worn at all times in interior spaces and in queuing lines (this includes outdoor areas such as tents, restrooms, and temporary structures). Masks must be worn to enter these spaces. We recommend masks be worn in all other outdoor settings. This is an important safety measure that not only benefits you but those around you.
