La La Land â??Dreamersâ?? trailer released

Description

If thereâ??s only one movie you can see this year make it *La La Land.* With an early limited release scheduled for December 9th in Los Angeles and New York followed up by a nation-wide roll-out, put on your seat belts for this emotional roller-coaster.

Brilliantly conceptualized from the Damien Chazelle team, *La La Land* tells the story of two young Los Angeleans, Mia and Sebastian seeking fulfillment through the entertainment industry. Mia is an aspiring actress and Sebastian is a classical jazz pianist who doesnâ??t believe in compromising his convictions for anyone or anything. Mia, on the other hand, canâ??t seem to finish an audition without being interrupted. Itâ??s only when their paths cross and the stars align do these two traverse the path of fulfillment.

As performances go, Emma Stone as Mia delivers an all-encompassing performance delicately balancing the drama of her personal life with an expressiveness sheâ??s honed over the last twelve years as an actress in Hollywood. Ryan Gosling as Sebastian delivers an understated performance that matches his character. Together, the two have made cinematic magic in the spirit and image of Ginger Rogers and Fred Astair, Gene Kelly and Debbie Reynolds.

La La Land is a film for the ages. Exceptional camera work, ardent choreography, exquisite production design, catchy, melodic musical score, strong direction and over-the-top performances catapult *La La Land* to the top of the yearâ??s best films. *La La Land* is the stuff dreams are made of.
